

157th Commencement

COLLEGE OF ENGINEERING
UNIVERSITY OF CALIFORNIA, BERKELEY

MAY 18 & 21, 2026

Dean's Note

Congratulations to our newest graduates on reaching this important milestone! Commencement is a celebration of your academic accomplishments, as well as the hard work, resilience and determination that brought you here.

As I reflect on my own journey at UC Berkeley – as a student, faculty member and now dean – I'm continually inspired by the way this community empowers people to pursue bold ideas and tackle important challenges. That spirit lives in each of you. During your time at Berkeley Engineering, you have learned not only how to solve complex problems, but also how to collaborate and approach the world with purpose.

The challenges facing society today are significant, but so are the opportunities to create meaningful change. Wherever you go, I hope you carry forward Berkeley Engineering's deep commitment to innovation in service of society.

I also encourage you to stay connected to this extraordinary community. You are joining a global network of more than 80,000 Berkeley Engineering alumni who are shaping industries, improving lives and expanding possibilities. The relationships you built here will continue to support and inspire you in the years ahead.

We are proud of all that you have achieved and are excited to see what you will do next.

Congratulations – and Go Bears!
