What We Do

Professional Development  Academic Development

Outreach  Socials
What is the American Nuclear Society?

The American Nuclear Society (ANS) at the UC Berkeley is a student chapter of the national American Nuclear Society organization.

The mission of UC Berkeley ANS is to **promote the development of nuclear science and technology** through community engagement, professional connections, and the exchange of knowledge. We host professional development, academic development, outreach, and social events.

ANS has no membership dues or application process. All interested are welcome and encouraged to come to any or all of events! Sign up for our mailing list to stay in touch!

Examples of ANS Events

- Trivia & Game Night
- Nuclear Engineering Q&A with Advisors
- Kairos Power & Other Industry Presentations
- Study Jam + Peer Tutoring
- How to Get Involved with Research
- Resume Workshop + Intro to LaTeX
- ANS National Student Conference
