

154th *Commencement*

COLLEGE OF ENGINEERING

UNIVERSITY OF CALIFORNIA, BERKELEY

MAY 17-18, 2023

Land Acknowledgment

The College of Engineering recognizes that UC Berkeley sits on the territory of xučyun (Huichin), the ancestral and unceded land of the Chochenyo-speaking Ohlone people, the successors of the sovereign Verona Band of Alameda County.

We recognize that every member of the Berkeley community has benefited, and continues to benefit, from the use and occupation of this land since the institution's founding in 1868. Consistent with our values of community, inclusion and diversity, we have a responsibility to acknowledge and make visible the university's relationship to Native peoples. As members of the Berkeley community, it is vitally important that we not only recognize the history of the land on which we stand, but that we also recognize that the Muwekma Ohlone people are alive and flourishing members of the Berkeley and broader Bay Area communities today.

**THIS ACKNOWLEDGMENT WAS CO-CREATED WITH THE MUWEKMA
OHLONE TRIBE AND NATIVE AMERICAN STUDENT DEVELOPMENT.**

Pledge of Ethical Conduct for Engineers

We, the graduating engineering Class of 2023, in recognition of the importance of our technologies in affecting the quality of life throughout the world, and in accepting a personal obligation to our profession, its members and the communities we serve, pledge to commit ourselves to the highest ethical and professional conduct. Throughout our careers, we will consider the ethical implications and the impact on safety, health and welfare of the public and the environment of the work we do before we take action. While the demands placed upon us may be great, we make this declaration because we recognize that individual responsibility is the first step on the path to a better world for all.

— ADOPTED BY THE STUDENT RELATIONS COMMITTEE, ENGINEERING STUDENT COUNCIL
AND SOME 85 STUDENT SOCIETIES OF THE UC BERKELEY COLLEGE OF ENGINEERING

LIVE WEBCAST AT: engineering.berkeley.edu/BEgrad23

Dean's Note

On behalf of the College of Engineering, I extend heartfelt congratulations to all of our new graduates. Your hard work, perseverance and can-do spirit have made this moment possible. I'm confident that you will be celebrating many more achievements in the years ahead!

As you embark on the next leg of your life journey, I hope you will apply the knowledge and skills – and connections – you've gained at Berkeley to make a positive difference. Keep in mind that your success as a Berkeley Engineer will be measured by your impact on people and society, and that the most successful leaders inspire and bring out the best in others.

I hope you will stay in touch with us and the broader Berkeley Engineering community, which includes more than 77,000 alumni living in 117 countries around the world. The Berkeley Engineering alumni webpage is a good place to start. From there you can find links that connect you to fellow alums, exciting new opportunities and rewarding new relationships.

Congratulations again and best wishes — *Go Bears!*

—Tsu-Jae King Liu, Dean and Roy W. Carlson Professor of Engineering

Doctoral Commencement

THURSDAY, MAY 18, 2023 | 9:00 A.M. | ZELLERBACH AUDITORIUM

ENTRY OF GRADUATES

ENTRY OF FACULTY

Led by Oscar Dubón, *Marshal, Professor of Materials Science & Engineering*

THE STAR-SPANGLED BANNER

Leah Scurlock, *B.A.'23 Music, Vocal Performance*

GREETINGS & CONGRATULATIONS

Tsu-Jae King Liu, *Dean, College of Engineering*

STUDENT ADDRESS

Alex Moreno Belmares, *Ph.D.'23 Electrical Engineering & Computer Sciences*

COMMENCEMENT ADDRESS

Colin Parris, *M.S.'87, Ph.D.'94 Electrical Engineering & Computer Sciences;
Senior Vice President and Chief Technology Officer, GE Digital*

CONFERRING OF DOCTORAL DEGREES

Speakers

Colin Parris

**M.S.'87, Ph.D.'94
EECS**

Colin Parris is the senior vice president and chief technology officer at GE Digital, leading teams that leverage digital technologies in the energy industry and other environments. A member of the National Academy of Engineering, he is a board member of the Annual Multicultural Business Youth Educational Services Embarkment.

*Alex Moreno
Belmares*

Ph.D.'23 EECS

Alex Moreno Belmares received his master's degree in electrical engineering and computer sciences from UC Berkeley in 2021. A researcher at the Berkeley Sensor & Actuator Center, he was awarded the prestigious National Science Foundation Graduate Research Fellowship, Chancellor's Fellowship and the EECS Excellence Award.

WEDNESDAY, MAY 17, 2023 | 9:00 A.M. | HEARST GREEK THEATRE

ENTRY OF GRADUATES

ENTRY OF FACULTY

Led by Mark Asta, *Marshal, Professor of Materials Science & Engineering*

THE STAR-SPANGLED BANNER

University of California Men's Octet

GREETINGS & CONGRATULATIONS

Tsu-Jae King Liu, *Dean, College of Engineering*

STUDENT ADDRESS

Coby Santos Lim, *MEng '23 Civil & Environmental Engineering*

COMMENCEMENT ADDRESS

Barbara Humpton

President and CEO, Siemens Corporation

CONFERRING OF MASTER'S DEGREES

Speakers

Barbara Humpton

Barbara Humpton is the president and CEO of Siemens Corporation, where she guides the company's strategy and engagement. She is also the chair of the Siemens Corporation board, a member of the U.S. Investment Advisory Council and a member of Berkeley Engineering's advisory board, among other leadership roles.

Coby Santos Lim

MENG '23 CEE

Coby Santos Lim was born and raised in the Philippines. He has worked at software companies to solve pressing problems in our civil systems — such as in energy, transportation and shipping — and aims to make these technologies more accessible and equitable, especially for the traditionally underserved.

Co-founder and Co-CEO, Warby Parker

PRESENTATION OF DEPARTMENTAL CITATION AWARDS

CONFERRING OF BACCALAUREATE DEGREES

Speakers

Dave Gilboa

B.S.'03 BioE

Dave Gilboa is the co-founder and co-CEO of Warby Parker, a direct-to-consumer lifestyle brand. A board member of the Warby Parker Impact Foundation and fellow of the Aspen Institute, he is also a general partner of Good Friends LLC, an early-stage venture capital firm.

Sharicka Zutshi

B.S.'23 BioE

Sharicka Zutshi has worked as a peer adviser for Berkeley Engineering and as a researcher in the Sohn Lab. After graduation, she will attend graduate school at Columbia University, where she will explore the diagnostic applications of microfluidic devices to support overburdened medical delivery systems.

Today, you join a vital community of leaders, builders, astronauts, CEOs, researchers, educators, even Academy Award winners—all Berkeley engineers.

WELCOME TO THE BERKELEY ENGINEERING ALUMNI COMMUNITY

Stay connected:

The benefits of belonging are just a click away: career and social networking, continuing education, mentoring opportunities and much more. We'll keep in touch so you don't miss out.

Contact us:

bears@berkeley.edu | engineering.berkeley.edu/alumni

Find Berkeley Engineering Alumni:

Join the @cal Alumni Network to connect with fellow alums and build a free @cal public profile, a page featuring your social links and websites, official academic degree and contact information. Learn more about our LinkedIn, Facebook and other alumni networking groups at engineering.berkeley.edu/alumni
