

155th
Commencement

COLLEGE OF ENGINEERING

UNIVERSITY OF CALIFORNIA, BERKELEY

MAY 14 & 18, 2024

Land Acknowledgment

The College of Engineering recognizes that UC Berkeley sits on the territory of xučyun (Huichin), the ancestral and unceded land of the Chochochenyo-speaking Ohlone people, the successors of the sovereign Verona Band of Alameda County.

We recognize that every member of the Berkeley community has benefited, and continues to benefit, from the use and occupation of this land since the institution's founding in 1868. Consistent with our values of community, inclusion and diversity, we have a responsibility to acknowledge and make visible the university's relationship to Native peoples. As members of the Berkeley community, it is vitally important that we not only recognize the history of the land on which we stand, but that we also recognize that the Muwekma Ohlone people are alive and flourishing members of the Berkeley and broader Bay Area communities today.

**THIS ACKNOWLEDGMENT WAS CO-CREATED WITH THE MUWEKMA
OHLONE TRIBE AND NATIVE AMERICAN STUDENT DEVELOPMENT.**

Pledge of Ethical Conduct for Engineers

We, the graduating engineering Class of 2024, in recognition of the importance of our technologies in affecting the quality of life throughout the world, and in accepting a personal obligation to our profession, its members and the communities we serve, pledge to commit ourselves to the highest ethical and professional conduct. Throughout our careers, we will consider the ethical implications and the impact on safety, health and welfare of the public and the environment of the work we do before we take action. While the demands placed upon us may be great, we make this declaration because we recognize that individual responsibility is the first step on the path to a better world for all.

—ADOPTED BY THE STUDENT RELATIONS COMMITTEE, ENGINEERING STUDENT COUNCIL
AND SOME 85 STUDENT SOCIETIES OF THE UC BERKELEY COLLEGE OF ENGINEERING

Dean's Note

On behalf of the College of Engineering, I heartily congratulate each one of our new graduates! You have earned your UC Berkeley degree through your hard work, perseverance and can-do spirit. I'm confident you will be celebrating many more achievements in the years to come.

Wherever your life journey takes you, I hope you will apply the knowledge, skills and values you've gained at Berkeley to make a positive difference. Keep in mind that your success as a Berkeley Engineer will be measured by your impact on people and society — and that the most successful leaders inspire and bring out the best in others.

I also hope you will stay connected to our broader college community, which includes more than 79,000 alumni living in 117 countries around the world. The Berkeley Engineering alumni webpage is a good place to start. From there you can follow links to connect to fellow alums, exciting new opportunities and rewarding new relationships.

Congratulations again and best wishes — *Go Bears!*

—Tsu-Jae King Liu, Dean and Roy W. Carlson Professor of Engineering

Doctoral Commencement

SATURDAY, MAY 18, 2024 | 9:00 A.M. | ZELLERBACH AUDITORIUM

ENTRY OF GRADUATES

ENTRY OF FACULTY

Led by Rebecca Abergel, *Marshal, Associate Professor of Nuclear Engineering & of Chemistry*

THE STAR-SPANGLED BANNER

UC Men's Octet

GREETINGS & CONGRATULATIONS

Tsu-Jae King Liu, *Dean, College of Engineering*

STUDENT ADDRESS

Alicia Tsai, *Ph.D.'24 Electrical Engineering & Computer Sciences*

COMMENCEMENT ADDRESS

Ashok Gadgil, *M.A.'75, Ph.D.'79 Physics;*
Andrew and Virginia Rudd Family Foundation Chair Professor of Safe Water & Sanitation
and Professor of the Graduate School, Civil & Environmental Engineering

CONFERRING OF DOCTORAL DEGREES

Speakers

Ashok Gadgil

**M.A.'75, Ph.D.'79
PHYSICS**

Ashok Gadgil is widely considered to be a “humanitarian inventor.” For decades, he has created low-cost engineering solutions — including water purifiers, arsenic removal technology and fuel-efficient cookstoves — that have proved transformative for low-resource communities across the world.

Alicia Tsai

Ph.D.'24 EECS

A Taiwanese native, Alicia Tsai is affiliated with the Berkeley Artificial Intelligence Research (BAIR) Lab. Her primary research interests include the theory, optimization and behavior of AI systems, and robustness and sparsity issues in machine learning algorithms. She is also the co-organizer of Women in Data Science, Berkeley.

COMMENCEMENT ADDRESS

*Alexia Aubault, M.S.'05 Ocean Engineering;
Chief Technology Officer, Ocergy*

CONFERRING OF MASTER'S DEGREES

Speakers

Alexia Aubault

**M.S.'05
OCEAN ENGINEERING**

Alexia Aubault has 18 years of experience in the offshore wind sector, specializing in the emerging field of floating wind technology. As a naval architect and now, as a founding member of Ocergy, she is dedicated to advancing offshore renewables by promoting smart products that reduce costs and foster industrialization.

*Ashwat
Chidambaram*

M.S.'24 EECS

Ashwat Chidambaram, a Bay Area native and solo-certified private pilot, is passionate about the applications of machine learning and computer vision. He aims to develop technology for safer autonomous vehicles and robotics, as well as advocate for responsible AI innovation.

Abhinav Subramaniam, *B.S.'24 Mechanical Engineering*

COMMENCEMENT ADDRESS

Tony Xu, *B.S.'07 Industrial Engineering & Operations Research;
Co-founder and CEO, DoorDash*

PRESENTATION OF DEPARTMENTAL CITATION AWARDS

CONFERRING OF BACCALAUREATE DEGREES

Speakers

Tony Xu

B.S.'07 IEOR

Tony Xu is the CEO and co-founder of DoorDash, a technology company that connects consumers with their favorite local businesses in more than 25 countries across the globe. Born in China, Tony came to America with his parents and grew up working in a restaurant alongside his mother. He and his co-founders started DoorDash to help local businesses succeed.

*Abhinav
Subramaniam*

B.S.'24 ME

Born and raised in the Philippines, Abhinav Subramaniam designed and built solar-powered refrigeration in rural areas with UC Berkeley's Invention Corps and was a member of the Model United Nations Team. After graduation, he plans to work with social impact-oriented startups.

Zellerbach Auditorium
engineering.berkeley.edu/zellerbach

Today, you join a vital community of leaders, builders, astronauts, CEOs, researchers, educators, even Academy Award winners—all Berkeley engineers.

WELCOME TO THE BERKELEY ENGINEERING ALUMNI COMMUNITY

Stay connected:

The benefits of belonging are just a click away: career and social networking, continuing education, mentoring opportunities and much more. We'll keep in touch so you don't miss out.

Contact us:

bears@berkeley.edu | engineering.berkeley.edu/alumni

Find Berkeley Engineering Alumni:

Join the @cal Alumni Network to connect with fellow alums and build a free @cal public profile, a page featuring your social links and websites, official academic degree and contact information. Learn more about our LinkedIn, Facebook and other alumni networking groups at engineering.berkeley.edu/alumni
