Dean's Note

Congratulations to our newest graduates from the College of Engineering! Your hard work, perseverance and can-do spirit have led you to this proud moment of earning your UC Berkeley degree. I'm confident you will be celebrating many more achievements in the years to come.

Wherever your life journey takes you, I hope you will use the knowledge, skills and values you've gained at Berkeley to make a positive difference in the world. Remember that your success as a Berkeley Engineer will be measured by your impact on people and society — and that the greatest leaders are those who inspire and bring out the best in others.

I also hope you will stay connected to our broader college community, which includes more than 80,000 alumni living in 118 countries around the world. The Berkeley Engineering alumni webpage is a good place to start. From there you can follow links to connect to fellow alums, exciting new opportunities and rewarding new relationships.

Congratulations again, best wishes — and *Go Bears!*
